KATA ALU-ALUAN NAIB CANSOLOR

Dengan penuh hormat dan takzim, patik merafak sembah menjunjung kasih Kebawah Duli Yang Maha Mulia Seri Paduka Baginda Yang di-Pertuan Agong Tuanku Canselor atas limpah perkenan berangkat mencemar duli bagi menyempurnakan Majlis Konvokesyen Ke-14 Universiti Malaysia Pahang.

Sesungguhnya keberangkatan Kebawah Duli Yang Maha Mulia Seri Paduka Baginda Yang di-Pertuan Agong Tuanku Canselor menambahkan lagi seri majlis ini. Patik sekalian menjunjung setinggi-tinggi kasih atas keprihatinan dan perhatian mendalam Kebawah Duli Tuanku terhadap kemajuan UMP yang usianya 17 tahun pada 2019 ini.

Berkat naungan Kebawah Duli Tuanku dan kepedulian pihak Lembaga Pengarah Universiti, patik dan warga pengurusan Universiti ini komited untuk terus memberikan fokus yang serius dan khidmat yang terbaik untuk menjadikan UMP sebuah universiti teknologi terunggul menjelang tahun 2020.

Alhamdulillah, dengan perancangan pelbagai inisiatif secara strategik dan pengemblengan tenaga secara sistematik selama ini, petunjuk-petunjuk positif kegemilangan UMP tersebut semakin jelas kelihatan.

Tujuh belas (17) tahun sebagai sebuah Universiti Awam (UA) yang ke-16 di negara ini, UMP terus mengorak langkah bagi memenuhi hasrat dan aspirasi negara untuk melahirkan modal insan kelas pertama bukan hanya cemerlang dalam bidang akademik, bahkan turut cemerlang dalam aspek sahsiah dan akhlak, seperti yang terkandung dalam Falsafah Pendidikan Kebangsaan.

Pada hari ini, seperti yang kita sedia maklum, kerajaan memberikan perhatian yang sangat serius dalam pembelajaran yang berpaksikan Technical and Vocational Education and Training atau (TVET). Ia telah menjadi salah satu daripada lapan Pemboleh Daya yang terkandung di dalam dokumen Wawasan Kemakmuran Bersama 2030 yang digariskan oleh YAB Perdana Menteri baru-baru ini. Malah, Bajet Negara 2020 turut memperuntukkan dana yang tinggi dalam sektor pendidikan, sekali gus membuktikan keprihatinan kerajaan dalam aspek pembangunan modal insan. TVET telah menjadi nilai teras dalam pendidikan negara bagi meningkatkan tenaga kerja berkemahiran dan berpendidikan tinggi berasaskan keberhasilan. Oleh itu, sebagai sebuah universiti teknikal, UMP mempunyai peranan yang sangat signifikan dalam merealisasikan matlamat serta hasrat tersebut.

Oleh yang demikian, pelbagai inisiatif telah, sedang dan akan dilaksanakan secara berstruktur dan terarah melalui pelbagai langkah transformasi organisasi bagi memastikan agenda tersebut dapat dicapai dengan jayanya. Dalam berhadapan dengan pelbagai cabaran hasil daripada ledakan Revolusi Industri 4.0 (IR4.0), UMP kembali merencana dan

merekabentuk “dirinya” agar lebih berdaya tahan dan tidak ketinggalan daripada arus kemajuan. Natijahnya, UMP memberi penekanan serius terhadap konsep Social Enterprise Technological University sebagai asas memacu kecemerlangan di dalam pelan strateginya. Walaupun UMP memberi fokus terhadap TVET, agenda seperti memperkasa penyelidikan, keusahawanan dan pentadbiran yang berintegriti akan terus dilaksanakan. Hal ini secara tidak langsung mampu mengeluarkan kumpulan graduan yang berkualiti dan berdikari bagi menghadapi realiti masa hadapan.

Majlis Konvokesyen Kali ke-14 pada tahun ini menyaksikan penganugerahan kepujian akademik kepada 3778 penerima yang terdiri daripada 235 graduan Doktor Falsafah dan Sarjana serta 2629 graduan Sarjana Muda dan Diploma. Selain itu, sebanyak 914 graduan UMP Advanced Education berjaya menamatkan pengajian mereka.

Saya juga ingin mengucapkan tahniah kepada semua graduan yang bergraduasi pada hari yang penuh bersejarah ini. Ingatlah, segulung ijazah bukanlah segala-galanya, banyak cabaran dan ujian yang menanti anda semua di luar sana. Jangan sesekali jemu dan berputus asa dalam menuntut ilmu. Bersungguh-sungguhlah dalam mengejar impian, bak kata pepatah “Berburu ke padang datar dapat rusa belang kaki, berguru kepalang ajar, bagai bunga kembang tak jadi”. Pada masa yang sama jangan sesekali kita melupakan segala jasa dan pengorbanan ibu bapa, guru dan para pensyarah yang selama ini bertungkus-lumus menjadikan kita sebagai insan yang berguna.

Saya menyeru marilah bersama-sama kita berganding bahu dan bersatu padu bagi memastikan pendidikan dan sahsiah anak-anak kita sentiasa terpelihara. Izinkan saya memetik Firman Allah SWT dalam surah al-Ma’idah ayat 2 yang bermaksud : “Dan hendaklah kamu bertolong-tolongan untuk membuat kebajikan dan bertaqwa, dan janganlah kamu bertolong-tolongan pada melakukan dosa (maksiat) dan pencerobohan.”

Dengan pelbagai lapangan kemajuan yang dicapai sejak 17 tahun yang lepas, UMP terus berkeyakinan untuk memperkukuh asas dan berada di landasan yang ampuh berdasarkan kerangka strategik yang memandu kewujudan dan kecemerlangannya. Berasaskan nilai serta berfokuskan strategi, UMP akan terus komited melahirkan graduan berketerampilan untuk kecemerlangan sejagat.

Terima kasih dan tahniah!

Salam Hormat

PROFESOR Ir. DR. WAN AZHAR BIN WAN YUSOFF

Message from the Vice-Chancellor

I wish to extend my heartfelt gratitude to His Majesty The Yang di-Pertuan Agong for gracing the 14th Convocation Ceremony of the Universiti Malaysia Pahang.

Indeed, the gracious presence of His Majesty The Yang di-Pertuan Agong makes this ceremony more glorious. The denizens of UMP and I are deeply grateful for the supports of His Majesty towards the development of UMP that is now in its 17th glorious year.

Thanks to the patronage of His Majesty and the supports of the University's Board of Directors, the University's top management and I are committed to continuing to provide the most excellent focus and service to make UMP a distinguished technological university in 2020.

Alhamdulillah, with the implementation of various initiatives and the systematic mobilisation of resources to achieve the objectives of our strategic plan, there are already positive indicators of the University's excellent achievements.

Seventeen (17) years as the 16th public university in the country, UMP continues to work towards fulfilling the country's aspirations to produce first-class human capital that is not only excellent in academic but also eminence in the aspects of personality and morality, as embodied in the National Education Philosophy.

Today, we are all aware that the government is paying very close attention to Technical and Vocational Education and Training (TVET), one of the eight enablers contained in the Shared Prosperity Vision 2030 outlined by the Prime Minister. The National Budget 2020 also allocates significant funds to the education sector, thus proving the government's priority in human capital development. TVET has been a critical ingredient in national education to enhance the skill-based and highly educated workforce. Therefore, as a technical university, UMP has a significant role in realising these goals and aspirations.

Various structured and strategic initiatives have been, are being and will be implemented through multiple organisational transformation steps to ensure that the agenda is achieved successfully. In facing various challenges arising from the Industrial

Revolution 4.0 (IR4.0), UMP has redefined and redesigned itself to be more resilient and up to date with the current trends, resulting in the emphasis on the concept of Social Enterprise Technological University as a driving force in its strategic planning. Notwithstanding the focus on TVET, the agenda on empowering research, entrepreneurship, and administrative integrity will be implemented continuously, which indirectly enables the production of quality and independent graduates to embrace the reality of the future.

In this year's 14th Convocation Ceremony, UMP will confer academic honours to 3778 recipients comprising 235 doctoral and master's graduands and 2629 bachelor's and diploma graduands. Also, a total of 914 UMP Advanced Education graduands had completed their studies.

I would also like to congratulate everyone graduating on this momentous and historic ceremony. Remember, a degree is not everything, so many challenges and tests await you out there. Never be discouraged and give up in the pursuit of knowledge. Earnestly pursue your dreams, as the proverb says "Always ensure to earnestly pursue your dreams as the proverb says you reap what you sow.". At the same time, let us not forget the sacrifice of all the parents, teachers, and lecturers who have worked tirelessly to mould us to be a useful person.

Therefore, I call upon everyone to come together and unite to ensure that our children's education and morality are protected. Allah says in the Quran (al-Ma'idah, 5:2): "And cooperate in righteousness and piety, but do not cooperate in sin and aggression."

With a wide range of advancements made over the last 17 years, UMP is committed to strengthening its foundations and being on a solid path based on a strategic framework that guides its existence and excellence. Value-based and strategically focused, UMP will continue to be committed producing skillful graduates for global excellence..

Thank you and congratulations!

PROFESSOR Ir. DR. WAN AZHAR BIN WAN YUSOFF

Pengenalan

Cokmar asalnya merupakan senjata yang diubah bentuknya menjadi sebuah lambang kebesaran dan kuasa. Catatan sejarah menunjukkan bahawa pada 19 Mac 1952, Majlis Raja-Raja telah menghadiahkan sebuah cokmar kepada Majlis Perundangan Persekutuan. Ekoran daripada itu, wujudlah cokmar bagi dewan-dewan utama negeri, parlimen dan tradisi ini diikuti pula oleh Institusi Pengajian Tinggi (IPT) yang menjadi lambang kuasa penganugerahan ijazah.

Lazimnya, cokmar digunakan di majlis-majlis rasmi universiti seperti Istiadat Konvokesyen dan majlis-majlis khas yang mana Canselor Universiti menjadi Ketuanya. Cokmar menandakan kebesaran kuasa Canselor sebagai ketua universiti.

Cokmar ini melambangkan gabungan antara tamadun dengan teknologi. Cokmar ini diperbuat daripada perak seberat 10 kg dan disadur dengan emas tulen. Cokmar ini bersaiz 56 inci panjang.

Keterangan Mengenai Reka Bentuk Cokmar

Kubah

Motif Kubah dan Obor melambangkan arah tuju dan kepentingan kerohanian bagi warga kampus.

Kubah melambangkan agama Islam dan tamadun Islam. Obor pula mencitrakan peranan UMP bagi menyinarakan cahaya menerangi tamadun di rantau ini seiring dengan pembangunan teknologi yang semakin pesat.

Introduction

The mace is originally a weapon and its shape has been changed to become a symbol of greatness and power. Historical records showed that on March 19, 1952, the Conference of Rulers had presented the mace to the Federal Legislative Council. Following this, the mace was also introduced at states' main hall, parliament and now the tradition is also practised by the institutes of higher learning (IPT) which has become a symbol of power in awarding degrees.

The Mace is usually and prominently used during university's official functions, like the opening ceremony of the Convocation, as well as other official functions presided by the Chancellor of the university.

The Mace epitomizes the authority of the Chancellor as the head of the university, and symbolizes the coupling of civilization and technology. It is made of silver and coated with pure gold. Weighing at around 10 kg, the Mace is 56 inches in length.

Description of Mace Design

The Dome

The motive for the Dome and the Torch is to underline the importance of spiritual leadership and direction for the citizens of UMP.

The Dome is an embodiment of the Islamic religion and its civilization, while the Torch signifies UMP as the beacon of light shining upon regional advancement, moving in tandem with the rapid global technological development.

Bawah Kubah

Lingkaran yang terukir melambangkan kedudukan bumi ketika paling hampir dengan matahari semasa mengelilinginya. Di bahagian utama terpahat simbol teknologi. Lambang Kerajaan Negeri terukir Motif Gading Gajah yang melambangkan peranan Kerajaan Negeri Pahang Darul Makmur dalam pembangunan universiti ini. Terdapat 14 logo kerajaan negeri yang menunjukkan kepentingan universiti ini terhadap semua negeri di Malaysia.

Nama Universiti

Nama Universiti Malaysia Pahang ditulis dalam tulisan Jawi yang melambangkan universiti ini mempertahankan tradisi dan tamadun Islam.

Dahan

Dahan terbahagi kepada empat bahagian iaitu Surah al-Alaq, logo Negeri Pahang Darul Makmur, logo Kerajaan Persekutuan dan logo UMP.

Surah al-Alaq merupakan surah yang pertama yang diturunkan kepada Nabi Muhammad SAW. Maksud ayat: "Bacalah dengan (menyebut) nama Tuhanmu yang menciptakan".

Logo UMP melambangkan visi dan misi UMP.

Logo Kerajaan Persekutuan melambangkan UMP menyanjung tinggi kedaulatan negara.

Logo Negeri Pahang melambangkan UMP yang terletak di Negeri Pahang Darul Makmur.

Batang Cokmar

Batang cokmar merupakan bahagian yang paling teguh. Terdapat lima bahagian yang melambangkan lima Rukun Islam dan lima Rukun Negara yang menjadi landasan bagi setiap warga UMP dalam memajukan diri. Motif Tenunan Songket Pahang melambangkan pencarian ilmu tanpa penghujung.

Akar

Akar melambangkan tunjang pohon kehidupan bagi memastikan UMP sentiasa berdiri teguh dalam memajukan negara.

The Base of the Dome

Sebagai seorang yang berpandangan jauh, Yang Berbahagia Tan Sri telah menubuhkan Kolej Pertanian Malaysia yang baharu di Sintok, Kedah bagi menghasilkan sumber tenaga terlatih untuk industri pertanian negara yang mempunyai sijil kepakaran yang diiktiraf kerajaan. Manakala bagi tujuan promosi eksport pertanian negara, beliau telah menubuhkan enam pejabat atase pertanian di seluruh dunia. Latarbelakang keluarga beliau yang sederhana banyak membentuk beliau menjadi insan yang mementingkan ilmu, sahsiah dan pendidikan dalam kehidupan. Berasal dari Kuala Gali, Dong, Raub, bapanya bertugas sebagai kerani di Pejabat Agama Raub manakala ibunya pula merupakan suri rumah sepenuh masa. Yang Berbahagia Tan Sri bersekolah di Sekolah Rendah Mahmud dan Sekolah Menengah Mahmud Raub dari tahun 1957 hingga 1967. He is Yang Berbahagia Tan Sri Dato Sri Abi Musa Asaari bin Mohamed Nor, a native of Pahang who was born on 10 September 1949 in Raub, Pahang.

Throughout his provision in public service, he has contributed significantly to the country through the coordination of tasks and strategic objectives of the agencies under the Ministry of Agriculture and Agro-based Industry through the concept of Ministry of Agriculture Incorporated (MOA Inc). He also led the effort in reviving the largest agricultural exposition in Southeast Asia – the Malaysia Agriculture, Horticulture and Agrotourism Exposition (MAHA), after stalling in the 1960s. As a visionary, Yang Berbahagia Tan Sri had set up a new Malaysian Agricultural College in Sintok, Kedah to produce skilled manpower for the country's agricultural industry with government-recognized expertise. To promote the country's agricultural exports, he had set up six Agricultural Attaché offices around the globe. Due to his credibility in administration, while still in the public service, he had held positions in several domestic and foreign organisations. These posts include the Board Members of the Employees Provident Fund (EPF), Institute of Language and Literature (Dewan Bahasa dan Pustaka, DBP), FELDA, and MADA. He was also appointed as the Chairman of MARDI, Malaysian Pineapple Industry Board, and Malaysian Pepper Board.

His modest family background made him a man of the highest regard for knowledge, personality and education. Originally from Kuala Gali, Dong, Raub, his father worked as a clerk in the Raub Religious Office while his mother was a full-time housewife. Yang Berbahagia Tan Sri attended Mahmud Primary School and Mahmud Secondary School in Raub from 1957 to 1967. In the field of international consultancy, he played a leading role in establishing Malaysia–Thailand Joint Authority (MTJA) between Malaysia and Thailand in sharing petroleum resources in overlapping areas of the South Asia/Gulf of Thailand region, which was successfully signed and established in 1992. This is a massive success as it is the only international cooperation area in the world for petroleum resources sharing.

After his compulsory retirement from the public service, his credentials in leadership and management continue to shine as he continued to be trusted to lead the government- and private-related institutions as Chairman of the Board. He made a very significant contribution when he led the Board of Lembaga Tabung Haji. During his six years as the Chairman, he had successfully made Lembaga Tabung Haji as a model of Islamic financial institution that manages the pilgrimage administration for millions of depositors and manages the investment that generates billions of dollars in profit on behalf of depositors, as an investor in a wide range of businesses, from plantation to oil and gas that are fully shariah-compliant. He was also appointed as the Chairman of multiple organisations such as the Malaysian Cocoa Board (2007–2013), Board of Directors of Sultan Idris University of Education (2008–2016), and Biodiesel Association Malaysia (2007–2013). Penerima Ijazah Kehormat Doktor Falsafah Teknologi Maklumat
Recipient of the Honorary Degree, Doctorate of Philosophy in Information Technology

Sebelas tahun mengemudi dan meletakkan hala tuju Universiti Malaysia Pahang (UMP), bukanlah satu tempoh yang singkat. Bahkan, ia merupakan jangka masa yang penuh dengan warna-warni, cabaran, dan pengalaman. Yang Berbahagia Dato' Sri Mohd Hilmey Mohd Taib ialah insan yang telah berjaya menggalas dan menyempurnakan tanggungjawabnya dengan begitu dedikasi bagi mengurus dan mengekalkan prestasi kecemerlangan UMP selama beliau berkhidmat sebagai Pengerusi Lembaga Pengarah Universiti dan akan terus diingati dan dihargai oleh warga besar UMP.

Kepimpinan beliau menyaksikan perubahan corak evolusi UMP dengan keupayaannya menjangka, merencana, dan mengemukakan saranan strategik bagi maksud keselarasan hala tuju dan kerangka tindakan UMP ke arah kecemerlangan. Kebijaksanaan beliau dalam memahami aspirasi pucuk pimpinan, amalan tadbir urus yang terarah, dan pematuhan terhadap kerangka perundangan berkaitan pendidikan tinggi di negara ini menjadikan beliau tidak hanya disegani, bahkan dihormati oleh pelbagai pihak. Yang Berbahagia Dato' Sri yang sering membahaskan dirinya sebagai "budak kampung" anak jati Pahang yang berasal dari Kampung Sentang, Chenor. Beliau dilahirkan pada tanggal 31 Mei 1953. Beliau mendapat pendidikan awal di Sekolah Kebangsaan Kertau sebelum menerima pelajaran menengah di Temerloh dan memperoleh Ijazah Sarjana Muda Ekonomi, Pengkhususan Perakaunan dari Universiti Malaya pada tahun 1976. Kehidupan sewaktu kecilnya yang susah menjadikan beliau seorang yang berjiwa kental dan bersungguh-sungguh dalam pelajaran bagi mengubah masa hadapannya. Perkhidmatan beliau sebagai Pegawai Bank, Auditor Kanan, Akauntan, Penolong Pengurus Besar, Ketua Eksekutif, dan Pengerusi Eksekutif menjadikan Yang Berbahagia Dato' Sri seorang yang sangat tajam pengamatannya dalam tadbir urus korporat. Maka tidak menghairankan apabila hal ini menarik perhatian Menteri Pengajian Tinggi pada waktu itu iaitu Dato' Sri Mustapha Mohamed untuk memilih beliau sebagai Pengerusi Lembaga Pengarah Kolej Universiti Kejuruteraan dan Teknologi Malaysia (KUKTEM). Sumbangan beliau dalam dunia korporat juga tidak dapat dinafikan. Beliau pernah mengemudi HeiTech Padu Berhad sejak 1998 iaitu sebuah syarikat yang menyediakan perkhidmatan teknologi maklumat dan komunikasi (ICT). Di bawah pengurusan beliau, syarikat ini telah banyak membantu negara dalam menyediakan penyelesaian teknologi dalam perkhidmatan kerajaan, antaranya

membangunkan sistem pengkomputeran di Jabatan Pendaftaran Negara (JPN), sistem unit amanah saham di Permodalan Nasional Berhad (PNB), serta membangunkan sistem pengkomputeran di Jabatan Pengangkutan Jalan (JPJ).

Manakala di UMP, sepanjang 11 tahun perkhidmatan Yang Berbahagia Dato' Sri Mohd Hilmey Mohd Taib sebagai Pengerusi Lembaga Pengarah Universiti Malaysia Pahang (UMP) antara 1 September 2006 hingga 31 Ogos 2017, beliau telah mencurahkan sumbangan istimewa yang tidak sedikit terhadap perkembangan dan kemajuan UMP sebagai sebuah Universiti Awam dalam empat fasa strategiknya iaitu Meletakkan Asas Universiti Teknikal (2002–2007), Memperkukuh Asas, Menjana Kecemerlangan (2008–2010), Universiti Teknologi Pilihan Utama (2011–2015), dan Menjana Kegemilangan (2016–2020).

Pengalaman luas beliau dalam dunia korporat dimanfaatkan sebaik mungkin bagi mengemudi Lembaga Pengarah UMP sebagai Pihak Berkuasa tertinggi universiti ini dengan penuh wibawa dalam menyelia operasi pengurusan yang diterajui oleh dua Naib Canselor yang pernah berkhidmat dengan beliau iaitu Profesor Dato' Dr. Mohamed Said Mat Lela (2004–2008) dan Profesor Dato' Sri Ts. Dr. Daing Nasir Ibrahim (2008–2019). Penganugerahan Ijazah Kehormat Doktor Falsafah Teknologi Maklumat pada hari ini merupakan satu usaha dalam mengiktiraf dan mengabadikan keunggulan kepimpinan Yang Berbahagia Dato' Sri Mohd Hilmey Mohd Taib berdasarkan keempat-empat fasa strategik UMP yang menyaksikan pelbagai peristiwa bersejarah dan pencapaian istimewa universiti ini, antaranya penjenamaan semula Kolej Universiti Kejuruteraan & Teknologi Malaysia kepada Universiti Malaysia Pahang, permulaan operasi kampus utama UMP di Pekan, perluasan jaringan strategik dan antarabangsa, transformasi pengurusan dan pentadbiran, serta penganugerahan status autonomi kepada UMP. Rangkaian peristiwa dan pencapaian ini adalah bertitik tolak daripada gaya kepimpinan dan pendekatan penyelesaian yang diamalkan beliau bagi menadikan sinergi yang konsisten dan harmoni antara Lembaga Pengarah dan Jawatankuasa Pengurusan UMP menurut lunas-lunas tadbir urus korporat yang cemerlang ke arah kegemilangan organisasi.

Sebagai pengiktirafan terhadap ketokohan, sumbangan, dan kepimpinan Yang Berbahagia Dato' Sri dalam lapangan pentadbiran, transformasi organisasi, teknologi dan inovasi, serta pembangunan Universiti Malaysia Pahang selama ini, maka Senat UMP dengan penuh hormat dan takzim menganugerahkan Ijazah Kehormat Doktor Falsafah Teknologi Maklumat kepada Yang Berbahagia Dato' Sri sempena Majlis Konvokesyen Ke-14 Universiti Malaysia Pahang. Pihak Pengerusi Lembaga Pengarah, Ahli-Ahli Lembaga Pengarah, Naib Canselor, Pengurusan Tertinggi Universiti, dan seluruh warga UMP mengucapkan setinggi-tinggi tahniah atas penganugerahan ini.

Eleven years of driving and setting the direction of Universiti Malaysia Pahang (UMP) is not a short period. In fact, it was a time filled with colours, challenges, and experiences. Yang Berbahagia Dato' Sri Mohd Hilmey Mohd Taib was a man who had mastered and fulfilled his responsibilities with great dedication to managing and maintaining UMP's excellence during his tenure as the Chairman of the University's Board of Directors and will be remembered and appreciated by the UMP associates.

His leadership saw UMP's evolutionary change in its ability to anticipate, plan, and propose strategic recommendations to align UMP's direction and framework towards excellence. His wisdom in understanding the aspirations of the management team, well-directed governance practices, and adherence to the country's higher education-related legal framework makes him respected by many. Extensive experience in the corporate sector for more than 42 years had been coupled with the wisdom of administering UMP to realise the University's solid transformation plan in embracing the challenges of a dynamic educational world that demands high credibility and integrity.

Yang Berbahagia Dato' Sri always regards himself as the "village boy" of Pahang native from Kampung Sentang, Chenor. He was born on 31 May 1953. He received his early education at the Kertau Primary School before receiving his secondary education in Temerloh and obtained his Bachelor of Economics (Hons) in Accounting from the University of Malaya in 1976. His hard life at a young age made him tenacious and determined in his study to change his future. His services as a Bank Officer, Senior Auditor, Accountant, Assistant General Manager, Chief Executive, and Executive Chairman made him a very keen observer in corporate governance, so it is not surprising that it attracted the attention of the Higher Education Minister at that time, Dato' Sri Mustapha Mohamed, to appoint him as the Chairman of the Board of Directors of the University College of Engineering and Technology Malaysia (KUKTEM). His contribution to the corporate world is also undeniable. He used to lead HeiTech Padu Berhad since 1998, a company that provides information and communications technology (ICT) services. Under his leadership, the company had helped the country in providing technological solutions in government services, including developing a computing system in the National Registration Department (JPN), a unit trust system in Permodalan Nasional Berhad (PNB), as well as developing a

computing system in the Road Transport Department (JPJ).

While at UMP, during the 11 years of service as the Chairman of the Board of Directors of Universiti Malaysia Pahang (UMP) between 1 September 2006 and 31 August 2017, he has made massive unique contributions to the development and progress of UMP as a Public University in its four strategic phases: Foundation of a Technical University (2002–2007), Strengthening Foundation, Generating Excellence (2008–2010), First Choice Technological University (2011–2015), and Generating Glory (2016–2020).

His extensive experience in the corporate world has been leveraged to steer the UMP Board of Directors as the university's most influential authority in overseeing the management operations led by two Vice-Chancellors who had served him, Professor Dato' Dr. Mohamed Said Mat Lela (2004–2008) and Professor Dato' Sri Ts. Dr. Daing Nasir Ibrahim (2008–2019). The award of Honorary Doctorate of Information Technology today is an effort to recognise and treasure the outstanding leadership of Dato' Sri Mohd Hilmey Mohd Taib based on the four strategic phases of UMP which saw various historical events and exceptional achievements of the university, which include the rebranding of University College of Engineering & Technology Malaysia to Universiti Malaysia Pahang, the commencement of operation of UMP main campus in Pekan, the expansion of strategic and international network, the management and administration transformation, and the award of autonomous status. This series of events and achievements derived from his leadership style and supervisory approach in maintaining consistent and harmonised synergy between the Board of Directors and the UMP Management Committee with the outstanding corporate governance goals towards the excellence of the organisation.

In recognition of Dato' Sri's distinguished charisma, contribution, and leadership in the field of administration, organisational transformation, technology and innovation, and the development of UMP, the UMP Senate honourably confers the Honorary Doctorate of Information Technology to Yang Berbahagia Dato' Sri in conjunction with the 14th Convocation Ceremony of the Universiti Malaysia Pahang. The Chairman of the Board of Directors, the Board Members, Vice-Chancellor, the University's Top Management, and UMP associates congratulate Yang Berbahagia Dato' Sri on this award.

Anak jati kelahiran Pulau Pinang ini merupakan pemegang Ijazah Sarjana Muda Sains Komputer (Teknologi Grafik & Multimedia) dengan Kepujian dari Fakulti Sistem Komputer & Kejuruteraan Perisian dengan PNGK 3.88. Selain berjaya memperoleh Anugerah Dekan bagi setiap semester pengajian beliau di UMP, anak sulung daripada dua beradik ini juga merupakan seorang pelajar yang cemerlang pada peringkat sekolah apabila mencatat keputusan PNGK 3.42 dalam Sijil Tinggi Peperiksaan Malaysia (STPM) dan 3A+, 2A, dan 4A- dalam Sijil Peperiksaan Malaysia (SPM). Kecemerlangan dalam bidang akademik tidak menghalang untuk beliau terus aktif dalam aktiviti persatuan dan kelab.

Sepanjang pengajian di UMP, beliau memegang pelbagai jawatan dalam aktiviti persatuan dan kelab, antaranya beliau dilantik sebagai Exco Multimedia bagi Kelab Alam Sekitar & Lestari (EcoSiswa) UMP. Beliau bertanggungjawab merancang serta mengurus aktiviti multimedia dan promosi program-program anjuran kelab seperti lawatan ke Taman Negara pada 2016 dan *Earth Week* pada 2017. This Penangite holds a bachelor's degree in Computer Science (Graphics & Multimedia Technology) with Honours from the Faculty of Computer Systems & Software Engineering with a CGPA of 3.88. In addition to receiving the Dean's Award for each semester of his study at UMP, the eldest of the two siblings was also a top student in school with a CGPA of 3.42 in the Malaysian High School Certificate (STPM) and 3A+, 2A, and 4A- in the Malaysian Certificate of Education (SPM). His academic excellence did not impede his continued involvement in association and club activities.

Throughout his study years in UMP, he held various positions in association and club activities, including being appointed as the Multimedia Exco for Kelab Alam Sekitar & Lestari (EcoSiswa) UMP. He was responsible for planning and managing multimedia activities and promotion such as a visit to National Park in 2016 and *Earth Week* in 2017. He was also the Head of Publicity Unit of the Pahang Engineer Run Program in 2018. His active involvement in co-curriculum activities has helped hone his leadership skill as well as highlight his potential and self-confidence. This is evidenced by his appointment as the chair of the organising committee of the talk show 'ICT ke Arah Hijau'.

He was also active in sports activities by participating in various running events such as *Sky Run*, *Crazy Run*, *Neon Night Run*, *Splash Run*, *Titan Challenge: Survival of The Fittest*, and *Run for Life*. In addition to his hobbies, he also participated in hiking activities by joining the 'Hiking in Style' programme in Bukit Broga.

He also took part in several programmes to increase his knowledge such as Industrial Talk in conjunction with the International Fiesta (2017):

hobi beliau yang suka mengembara, beliau turut aktif dalam aktiviti kembara dengan menyertai program mendaki Bukit Broga *Hiking in Style*.

Antara aktiviti lain yang disertai bagi mengisi masa lapang serta menambahkan pengetahuan adalah seperti *Industrial Talk* sempena *International Fiesta (2017): Mobility for Employability*, *Bengkel Microsoft Campus Day (2017)*, *Town Hall Forum: TN50* dan Mahasiswa serta majlis-majlis kebudayaan seperti Tahun Baru Cina, Pesta Tanglung, *Winter Solstice*, Karnival Drum Night, Malam Pesta Cahaya, dan *Hanabi Night UMP 2016*.

Pengalaman paling indah bagi beliau sepanjang bergelar penuntut UMP adalah apabila berjaya membentangkan projek tahun akhir beliau yang bertajuk '*Cloud Based Intelligent Waste Management Robots for Open Public Spaces*'.

Menghabiskan pengajian di UMP telah memberi satu pengalaman yang amat bermakna dan tidak ternilai. UMP pada pandangan beliau merupakan sebuah institusi yang memberikan peluang yang sama rata kepada semua penuntutnya untuk menimba serta menguasai ilmu serta kemahiran, melatih diri untuk lebih berdikari, matang, serta membentuk jati diri seseorang individu secara fizikal dan mental.

Berpegang kepada prinsip hidup 'Menghadapi cabaran dengan penuh dedikasi dan tidak mudah berputus asa' serta keazaman yang tinggi untuk menjadi seorang pakar teknologi maklumat, beliau kini sedang menyambung pengajian pada peringkat sarjana dalam bidang Sains Komputer di Universiti Sains Malaysia (USM).

Harapan beliau, semoga segala ilmu yang diperolehi dapat dicurahkan untuk membantu pembangunan bidang teknologi maklumat di negara ini. Beliau berharap agar dapat terus menyumbang khidmat bakti serta membalas jasa kedua orang tuanya yang selama ini menjadi tonggak serta pendorong kepada setiap kecemerlangan serta kejayaan yang dikecapi.

Mobility for Employability, Microsoft Campus Day (2017), Town Hall Forum: TN50 and Students, and cultural events such as Chinese New Year, Lantern Festival, Winter Solstice, Drum Night Carnival, Festival of Light, and Hanabi Night (2016).

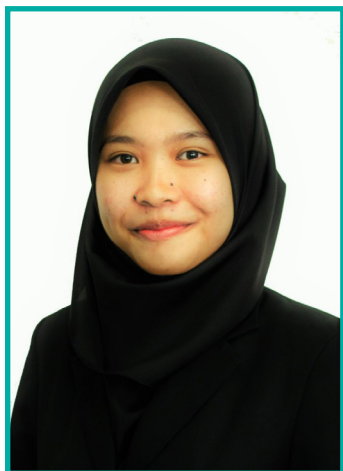

His most exciting experience during his term as a UMP student was when he successfully presented his final year project entitled 'Cloud-Based Intelligent Waste Management Robots for Open Public Spaces'.

Graduating from UMP has provided very invaluable experience. To him, UMP is an institution that offers equal opportunities for all students to acquire and master knowledge and skills, and train themselves to be more independent and mature physically and mentally.

Adhering to the principle of 'Meeting the challenge with dedication and not giving up' and his strong desire to become an information technology expert, he is now pursuing a master's degree in Computer Science at the Universiti Sains Malaysia (USM).

He hopes that all the knowledge gained could be leveraged to assist in the development of information technology in the country. He hopes to continue to contribute his services and reward his parents who have been the pillar and catalyst for every success he has achieved.

PENERIMA ANUGERAH CANSOLOR RECIPIENT OF CHANCELLOR'S AWARD

KHAIRUN NISA BINTI MAZLAN

**SARJANA MUDA PENGURUSAN PROJEK DENGAN KEPUJIAN
BACHELOR OF PROJECT MANAGEMENT WITH HONS.**

Ketika berada di tahun ketiga pengajian, Khairun Nisa Mazlan, 23, pernah bekerja secara sambilan sebagai kru bankuet di salah sebuah hotel di Gambang demi menampung keperluan sara hidup yang semakin meningkat. Itulah pengalaman yang dilalui oleh penerima Anugerah Canselor di Majlis Konvokesyen Universiti Malaysia Pahang (UMP) Ke-14.

Pengalaman itu menjadi titik tolak kepada kejayaan beliau hari ini demi membuktikan bahawa kesungguhan dan ketekunan dalam menimba ilmu pasti akan melalui satu perjalanan yang sukar untuk mencapai kejayaan yang cemerlang.

Khairun Nisa dilahirkan pada 23 November 1996 di Pusat Perubatan Universiti Malaya (PPUM). Beliau merupakan anak sulung dari empat beradik. Kehilangan ayahanda tercinta, Mazlan Bidin, akibat penyakit leukemia, pada usianya 12 tahun menjadi satu tamparan duka dalam episod hidupnya. Sejak itu, beliau bertekad untuk belajar dengan tekun sementelah menyaksikan ibunya, Noorasiah Daud, 48, yang bekerja sebagai kakitangan sokongan di Telekom Malaysia membanting tulang demi membesarkan mereka empat beradik.

Justeru, beliau terus menyambung pelajarannya dalam bidang Pengurusan Projek di Fakulti Pengurusan Industri. Beliau merupakan penerima Anugerah Dekan selama tujuh semester berturut-turut.

Walaupun dihipit kesukaran kerana terpaksa menyesuaikan diri selepas menukar bidang pengajian Sains ketika menuntut di Kolej Matrikulasi Banting, Selangor kepada bidang Pengurusan Projek di UMP, beliau tetap meneruskan tekad untuk berjaya demi membuktikan kepada ibunya bahawa tiada apa yang mustahil sekiranya kita rajin berusaha.

Buktinya, beliau berjaya memperoleh PNGK 3.70 dan seterusnya dinobatkan sebagai penerima Anugerah Canselor pada majlis konvokesyen kali ini. Kejayaan ini sekaligus membuktikan prinsip beliau bahawa sekiranya kita melakukan sesuatu yang baik, pasti kebaikan jua yang akan diterima.

Beliau tidak mempunyai sebarang rahsia untuk kekal berjaya pada setiap semester. Beliau hanya memastikan setiap kali sebelum menduduki peperiksaan, beliau akan menetapkan sasaran

Khairun Nisa, 23, the recipient of the Chancellor's Award at the 14th Universiti Malaysia Pahang (UMP) Convocation Ceremony, had to work as a part-time banquet crew at a hotel in Gambang to sustain herself financially in the third year of her study at UMP.

The experience has been a turning point in her success today. It proves that determination and perseverance in acquiring knowledge are the keys in a challenging journey to success.

Khairun Nisa was born on 23 November 1996 at the University of Malaya Medical Centre (PPUM). She is the eldest of four siblings. The passing of his beloved father, Mazlan Bidin, due to leukaemia, when she was only 12 years old became a bitter blow for her. Since then, she has been determined to study diligently after witnessing her mother, Noorasiah Daud, 48, who works as a support staff at Telekom Malaysia, struggle to raise her and her siblings.

She pursued her study in Project Management at the Faculty of Industrial Management (FIM), UMP and had been the recipient of the faculty's Dean's Award for seven consecutive semesters.

Despite struggling to adjust from previously studying in the Science stream at the Banting Matriculation College, Selangor to Project Management at UMP, she was determined to prove to her mother that nothing is impossible with hard work and perseverance.

She has attained CGPA 3.70 and subsequently selected to receive the Chancellor's Award at this glorious ceremony. This success attests to her principle that good deeds will be well rewarded.

She admits to not having any secrets to maintain her commendable achievement for every semester. She just made sure that every time before sitting for the exams, she would set high goals and put in great efforts in order to achieve them.

Her focus on academic achievements, however, did not deter her from getting actively involved in co-curricular activities. She had participated in nearly 40 activities organised both inside and outside UMP.

Among others, she was appointed as the Director of the Closed Netball Tournament organised by UMP Women's Association (MATAHARI), Deputy Director of the Final Year Exhibition 2017, Programme Coordinator

yang tinggi dan sudah pasti usaha yang lebih akan dilakukan demi mencapai kejayaan itu.

Fokus dalam bidang akademik tidak menghalang gadis ini dari turut bergiat aktif dalam aktiviti kokurikulum. Beliau pernah menyertai hampir 40 aktiviti yang dianjurkan di dalam mahupun luar UMP.

Antara jawatan yang pernah disandang sepanjang empat tahun pengajian di sini adalah seperti Pengarah Program Kejohanan Bola Jaring Tertutup Piala Persatuan Wanita UMP (Matahari), Timbalan Pengarah Program Tahun Akhir Pameran dan Pertunjukan 2017, Program Koordinator Forum Industri 4.0 Teknologi Blockchain, Setiausaha Program Berjalan Kaki 10,000 Langkah untuk Sifar HIV anjuran GENESIS, Setiausaha Program Women's Grooming, Panel Jemputan Forum Circle Talk 3.0 anjuran kelab PMSB, dan juga Exco dalam pelbagai jawatankuasa aktiviti anjuran kelab dan persatuan di UMP.

Sebagai seorang pelajar di universiti bertaraf dunia, beliau sememangnya bangga menjadi alumni UMP Baginya, UMP ialah sebuah universiti yang selesa dengan pelbagai kemudahan dan sistem pengurusan yang sentiasa dinaik taraf seiring perkembangan teknologi.

Kini, segala susah payah yang dilalui akhirnya terbayar jua apabila beliau diterima bekerja sebagai Commodity Command Standard System (CCSS) Representative 1, Global Support Contact Centre di HSBC Data Processing (M) (HDPM) sebelum bergraduasi.

Pesannya, untuk berjaya di dalam hidup perlulah sentiasa untuk menetapkan sasaran dan rancang dengan teliti untuk mencapai sasaran tersebut. Selain itu, perancangan dan pengurusan masa yang teratur amat diperlukan bagi kelancaran proses sesuatu perkara.

Beliau juga menitikkan nasihat untuk menjaga hubungan sesama manusia seperti mana kita menjaga hubungan dengan Pencipta dan juga perlu memperoleh restu keluarga terutamanya ibu bapa dalam setiap perkara. Akhir sekali, jangan kedekut untuk berkongsi ilmu kerana otak kita akan lebih mengingati sekiranya kita mengajar orang lain.

for an Industrial Revolution 4.0 forum entitled Blockchain Technology 4.0, Secretary of 10,000-Step Walking Program for Zero HIV organised by GENESIS, Secretary of the Women's Grooming Program, invited panel for Circle Talk Forum 3.0 hosted by the PMSB club, as well as an Exco member of various activities organised by clubs and associations at UMP.

As a world-class university student, she is proud to be a UMP alumnus. For her, UMP is a respectable institution with good facilities that are conducive to learning.

Now, all the hardships she endured had paid off when she was hired as the Commodity Command Standard System (CCSS) Representative 1, Global Support Contact Centre at HSBC Data Processing (M) (HDPM) before graduating.

Her message to other students is that to succeed in life, you must always set goals and plan carefully to achieve them. Regular planning and management are essential for setting goals.

She also believes that it is vital to maintain strong relationship with God as well as the people around us, to always seek the blessings of your parents in whatever you do and lastly, to share your knowledge because the more you share, the more you will get
